SOFT SKILLS

- Leadership
- Continuous Learning
- Motivated and creative
- Effective collaborative work
- Customer Service
- Ease of learning
- Adaptability
- Proactive

JESÚS ALEJANDRO JUSTO GARCÍA COMPUTER ENGINEER

EDUCATION

2019 - 2024

Computer Engineering

Bachelor's Degree - Instituto Tecnológico de Ciudad Guzmán

2023

Google Cloud Computing Foundations

Certificate - Google Cloud Computing Foundations ACADEMY

2023

Basics of User Experience Design

Certificate - Google Career Certificates

EXPERIENCE

2023 - 2023 AMOCALI, A. C.

Web Developer & UX Designer

I collaborated in the development and implementation of a web platform for efficient management of empty agrochemical containers. The solution addressed the low or non-existent recovery of these containers by providing forms, geolocation tools, and alerts to improve collection on a national level, solving issues related to real-time information and statistics for better decision-making.

2023

Task Management System

I developed a task management system using Angular as the frontend framework and PHP as the backend. The project was based on the Model-View-Controller (MVC) pattern for efficient code organization, including user management through a login system and a registration page.

2023

PokeAPI

I developed a Pokédex application using React as the frontend library and the PokeAPI as the data source for Pokémon information. The application allows users to explore different Pokémon, view details such as stats, abilities, and types.

2022

FLORIMIEL

Software Developer

I developed a desktop Point of Sale (POS) system using Visual Basic with SQL Server integration for a store specializing in selling honey products. The system streamlines sales management, inventory control, and customer information. It also includes features for generating statistical queries for business analysis.
